Colonel William Myers, who removed there from Garrard County, Ky., last fall, says, in a letter dated 8th May, 1847.—"I will not venture to tell my friends in Keutucky that the land here was better than the best laud in Kentucky, because they would not believe it; but now I assert it, for the soil is deeper, being in many places five feet, and the kindest land to work I ever put a plough in. I verily believe that around the forks of the Trinity, lies the largest body of first-rate land in America."

Let no Emigrant loose sight of the important fact, that our contracts with the Government of Texas expire on the 1st day of July, 1848, and that he must not only be in the Colony, but that he must have selected his land, built a house or cabin thereon, and be residing therein with his family by that day;—one day after that date, and the opportunity of getting lands for nothing is, perhaps, lost for ever. Persons desiring additional information, by addressing the undersigned Trustees or either of them, post paid, shall receive prompt attention.

Tillese Bitters have been used by Dr. Taylor in an extensive practice for twenty-seven years, and have recently been proven in many parts of the country to be the most valuable Medicine ever known for restoring female health. Females of every age will find them to be a never failing remedy in all cases of Heranged Menstruation, bringing about regular, easy, and healthy menstrual excunations.

In the critical periods of life, when there is an effort of nature either to set up or arrest the monthly sickness, they are essential to health, warding off Propsies and Cousumptions, which are so common to those stages of life. The general health is so improved by their use that Barrenness cannot exist under their influence.

The Proprietor of this Medicine is confident in the belief that nevery curable case, this Medicine, if fairly tried, will effect cure; and all he asks is a trial.

The following message was received from the Governor, read, ordered to go on the Journal, and be printed:

Gentlemen of the Smate

and House of Representatives:

In my annual message, communicated to you at the commencement of the present session of the Generai Assembly, it was shown that there had been an increase of the funded debt of the State, above what it was at the commencement of the preceding General Assembly, by the amount of \$10,159 86. This apparent increase of the debt, grew out of the fact that the holders of the Kentucky State Bonds that were due, failed to present them at the Treasury for payment, as they were notified, by proclamation to do.

The act of the present session of the General Assembly, with regard to those bonds, has had the desired effect of forcing them in for redemption, and, I am gratified to be able to state to you, that since the commencement of the present session, there has been paid off of the public debt:

6 per cent. 6 years bonds, - - - \$14,600 00 6 per cent. 6 years Railroad bonds, 1.000 00 5 per cent. bond - - - -1.000 00

\$16.600 00

Total amount of payments,

Thus, not only has the increase of the debt been paid off, but the debt itself has been reduced below the minimum at which it stood when the increase

The means of the Sinking Fund have not only been sufficient to diminish the debt, as above stated, but there remains at this time in the Treasury, to the credit of the Sinking Fund, the amount of \$177,-182 37. This amount, together with the anticipa-· ted receipts, will enable the Commissioners, in the course of the present year, to meet promptly the accreing interest of the debt, and to diminish, still further, the principal of the debt to the extent stated in my message at the commencement of the session.

Supposing you would like to have a knowledge of this change in the State debt. and of the present prosperous condition of our financial affairs, to bear home to your constituents, I have felt called on to communicate them. WM. OWSLEY.

Mr. HELM offered an amendment providing that when the Railroad from Louisville to Frankfort shall other purposes; adopted. have been completed it shall continue in connection with the Frankfort and Lexington Railroad as one road; reserving the right to each company to govern their respective ends of the road.

Mr. DRAFFIN addressed the Senate in opposition to the amendment, arguing that the effect of the amendment would be to destroy the Navigation of the Kentucky River, and declared that the small interest of the State in this road was no comparison to her interest in the slack water navigation of the Kentucky. The friends of the bill proposed to amend by adding a section, making it obligatory upon the town to build and keep at the foot of a certain street, a good and sufficient wharf boat. He reviewed the grounds upon which the opposition to the bill had been based, and showed that the proposed amendment would obviate the objections urged against it, &c.

Mr. BOURLAND was in favor of the motion, and advocated it at some length. He was of the opinion that the good of the county demanded the passage of the bill, and he should vote for it.

The motion to re-consider was then lost.

WHIG MEETING IN MARSHALL. At a meeting of the Whigs of Marshall county. in Benton, on Monday, the 7th day of February 1843, DANIEL PACE, was called to the Chair, and PHILAN- Crutcher's Drug Store.

DER PALMER, appointed Secretary. The object of the meeting being to appoint dele gates to meet their Whig friends in Frankfort, on the 22d inst., to select candidates for the offices of Governor and Lieutenant Governor of the Commonwealth, &c., was explained by the chairman, when the following gentlemen were appointed, viz: l'hilander Palmer, Marquis Barnett, R. E. Rowland and Langston Pace.

The meeting then unanimously Resolved, That we do not conceive that the vital interests of our beloved Commonwealth, will be so greatly promoted by a change in her fundamental laws, as some seem to imagine: yet, since a great majority of our fellow-citizens seem to demand, and have declared in favor of it; and suppose themselves oppressed and aggrieved by our present constitution, and feeling that it may be beneficially amended; and believing that the wisdom and purity of our conventionists will retain in a new, the unobjectionable; while they expunge the noxious features of the old one, we heartily approve of the calling of a

convention. Resolved, That in bidding adieu to our present constitution, we cannot but feel that we are parting with a tower of strength, which has supported and protected our proud State, unscathed amid the storms of discord and waves of party strife; and that we tender to its venerable framers and their departed spirits, viz: Bullitt, Adair, Rowan, Ewing, Marshall, Grundy, Bell, Logan, Breckinridge and others, our sincere thanks for the many blessings which the exercise of their wisdom in its formation, has hith-

erto secured to us. Resolved, That as a respectable portion of the citizens of our State are opposed to the call of a convention, and have rights and privileges which should be respected, we learn with feelings of sincere regret, that some of our neighboring county meetings have instructed their delegates to vote for no man as candidate for Governor, who is not a thorough-going, wool-dyed, teeth and toe-nail, conventionist, even though he be a talented, sterling Whig, gentleman and scholar.

Resolved, That such a course is but calculated to disturb the equanimity of operations in the meeting, embitter feelings and sow discord, distrust, and probably the seeds of defeat, in the canvass.

Resolved, That believing ARCHIBALD DIXON, our present Lieut. Governor, to be that talented, sterling Whig, gentleman and scholar, our delegates above named, are hereby instructed and requested to vote for him as such candidate, if there be a probability of success; yet, should there be others more prominent, embodying the above requisites, Frankfort & Cincinnati Regular Packet. we desire the exercise of their own good judgment,

in selecting the most available. Resolved, That having every confidence in the ability and integrity of our friend and neighbor, Judge James Campbelll, of McCracken county, hereby instruct our delegates to vote for him as the nominee of said meeting of 22d inst., as the Whig candidate for the office of Lieutenant Governor-leaving them, however, free to act as under instructions, touching the selection of a candidate

our enlightened population.

Resolved. That our Union, in the conquest connexion, is in an ugly predicament; that the Whigs Mr. BOULWARE, a bill to amend the 65th sec- of Marshall did not so place it; are unable to extricate it or foretell the results.

Resolved, That for President of the United States. during the four years commencing 4th March, 1849, we preler Henry Clay, of our State, to all living section for the benefit of James Clark, Sheriff of men; but believing the magnanimous "Rough and Casey county; adopted.

MR. TRIST .- It is said that an attempt will be made to try Mr. Trist for violating the laws of his country by an attempt to make peace with Mexico, after his powers as agent were withdrawn, under a law framed January 30, 1797.

SAD NEWS FROM HELENA, ARKANSAS-The Memphis Appeal learns that the river bank at Helena is caving in very rapidly, and that fears are entertained that the principal portion of the town will be destroyed. Many persons had already removed their gentlemen are well qualified to discharge all the dufamilies, and in some places the bank had caved to within a few feet of the houses.

THE BLIND .- One of the most interesting exhibitions of the wonderful progress of the pupils of that is needed, or can be desired by the Whig State the Kentucky Institution for the education of the · Blind, it has ever been our pleasure to witness, took : place in the Hall of Representatives, on Friday night last. Mr. PATTEN, the benevolent and most Kentucky! And from my knowledge of that party excellent superintendant of that institution, with a in its past struggles, an honest response to this quesview to satisfy the Representatives of the people, that their donations to the institution had been productive of good, brought with him several of the pupils of different ages, and in the presence of a large majority of both Houses of the Legislature, a numof ladies and many citizens of the town and strangers, subjected them to a rigid examination in reading, grammar, arithmetic. geography, music, &c. The examination was eminently successful and sat-

We have often heard it said that the blind excel in music-we saw it fully demonstrated on Friday evening last. A trio, sung by Mr. Smith, the music teacher, and two of the young ladies, pupils, was one of the most touching and beautiful songs we have ever heard. A song by little ELLEN, a beautiful little blind girl of ten or eleven years of age, brought tears to almost every eye. She has a beautiful voice, and sings with a taste and feeling, to which most children of her age are strangers. Indeed every thing connected with the exhibition was in the highest degree creditable to the Superintendent and punils.

The institution is now in the sixth year of its existence, upwards of thirty pupils are in attendance. An appropriation is needed, we learn from the Superintendant, to purchase an Organ, a Piano, &c., purest men in Kentucky, took upon himself the very &c. We will not suffer ourselves to doubt the painful task of a full and fair explanation of his acess of the Legislature, to give any reasonable sum that may be deemed necessary, for the advancement of so noble and philanthropic an object, as the education and improvement of the condition of the blind. The citizens of Louisville, with their accustomed liberality, have given large sums in aid of this institution; but the people of that city are heavily towards those who have taken part in this small and taxed for other benevolent purposes, and besides, the pitiful mode of warfare, I would ask what good can · blind school is a State institution—it is an honor to the State, and the State's Representatives will, we have you weighed the great injury you are inflictfeel assured, be proud to sustain it. The sum appropriated, whatever it may be, will not be missed-Heaven always prospers those who contribute to the try, and who have been ready at the call of their unsortunate.

BY TELEGRAPH.

From the Louisville Jeurnal of Salurday. PHILADELPHIA, February 18. 8 P. M.

We have intelligence to-day from Saltillo, which states that the Mexicans are preparing to oppose a large force at El Passo. They have planted 12 canon against the American works at Chihuahua .-Warm work is anticipated.

Squire Collins, on his route to Santa Fe, has been taken prisoner by the Mexicans at Presidio.

Alexander Musan, of Mear's company, was hung at Saltillo, for shooting a Mexican revenue officer. Letters have been received at Washington which confidently state that Maj. Van Buren, who reached Vera Cruz by the last train from the capital, will bear a project of a treaty of peace with Mexico and the United States.

The telegraph eastward is out of order.

In making the above estimate, the counties of Garrard, Henderson, Nelson and Pike were examined, and a true statement taken from the Commissioner's books for those counties. > The foreign news by the Hibernia, which appeared in the Louisville papers of Saturday, is of an unsatisfactory character. We defer an abstract, until further advices are received.

> > For the Commonwealth.

As an humble Whig, I have rather been induced to remain a silent listener than an active mover in the political scenes now drawing to a crisis; and but for the fact, of intimations prejudicial to the character of two gentlemen whose names stand before the Whig party for the office of Governor, I should have continued to occupy my former more safe and prudent condition. There can be no wrong in the friends of either of the gentlemen, (who seek that office.) to use all honorable and proper means to promote the ultimate success of their peculiar favorite: and it is equally true, that either of those ties that may be required of them; but it does seem to me, to be unjust, unwise, and in very bad taste, for the friends of either to attempt, by insinuation or otherwise, to place a false coloring on the past or present action of either of those gentlemen. All Convention, is to know facts touching qualification and availability before the people; or, in other words, whether either of those gentlemen, under all the circumstances, is now the choice of the Whigs of tion by the convention, will meet with entire approbation. But, suppose the friends of either, continue to disparage the nomination of Dixon, by insinuations "that he is at heart, and in feeling. opposed to any reform in our present constitution; that he voted at the last August election against the call of a convention; that he is a man of in-fluence, and that his county is anti-convention." What benefit, I ask, can result to the Whig party hy this mode of operation! Mr. Dixon has proved himself a tried and faithful Whig; his honesty and integrity has never been questioned; he has at all imes publicly and privately proclaimed that he is, and ever has been, a firm and steadfast friend and advocate of the convention: and has it come to this, that he is not to be believed? that his word before the great Whig party is to stand for nothing? Such action is unkind, unmerited, and will eventuate in no good to the Whig cause. Again, it has been whispered in silent and secret places, by those who desire to prostrate forever the political pretensions of Mr. Graves, "that the Cilley duel is a bad affair: that he is a man of blood! that he violated the laws of humanity! that the moral sense and christian feeling is against his claims for the office, &c." These wicked and fatse charges have been circulated in each town, county, and hamlet in the state; and for the sole object of forestalling public opinion, and thereby prejudice his just claims before the convention. And hen he, at the earnest solicitation of his particular friends, and in accordance with the advice of some of the best and tion in this matter, how is he treated by some of his pretended Whig friends! Why they charge him to be "a shameless electioneer for the high office of 'Governor! that no man ever urged the Cilley duel affair but himself or friends; and that the entire matter has been gotten up in order to produce the

cry of persecution." In sincerity, and with all the feelings of kindness accrue to your respective favorites! Or rather, ing on the Whig party, by a petty gratification of private malice! Are those men who have spent the better part of their lives in the service of their counparty, to enter the death struggle for the maintainance of principles held sacred by every true Whig: are they, I ask, to be offered up as a sacrifice on the altar of private malice and personal revenge ? Has it come to this, that a few political jades are to ostracise the best soldiers in the great Whig army, in order that they may continue to rule! It will not be denied that each aspirant has the right to define his position in relation to any matter touching the interests of the party-or that may be a fit subject of consideration before the convention.

It has never heretofore become the duty of Mr. Graves to justify his conduct in the Cilley duel, even before his political enemies, much less his friends. But now, when he comes forward for the purpose of relieving his fair name from the suspicion of wrong, and that he might stand fully justified, according to the laws of humanity, before his countrymen, he is met with the rebuke "of electioneering for a high office." These are matters of very delicate texture, and should be referred to with kindness and gentleness. The men who were the immediate friends and advisers of Mr. Graves in From the subjoined statement prepared by the that truly unfortunate affair, have, (when called on,) struments in the hands of a duelist, in order that the laws of humanity should be violated. No human being of manly spirit-certainly no true hearted son of Kentucky, would, under the same circumstances, dared to have done otherwise than was done by Mr. Graves.

I contemplates a Military Organization for Literary and Scienthic purposes; an education eminently scientific and practical; the formation of regular habits, and the diffusion of a knowledge of Military Science.

Military duties will not be permitted to interfere with the pupil's progress in study, but will rather take the place of his unprofitable, and often, vicious play.

The course of study adopted, and which will be required in order to graduation, is that usually taught in the best Colleges, except that but one language is required, (Latin or French,) the time usually occupied by the second, being devoted to a more extended course in Mathematics, Natural Science and English Literature.

A Preparatory Department is organized in connection with the Institute, in which boys of any age are taken, and are subjected to the same Military discipline as the Cadets.

The position of the Institute, at the Franklin Springs, near Frankfort, Kentucky, (recently occupied by the Franklin Institute,) is admirably adapted in every respect to Academical purposes; the locality being airy and healthy, the mineral waters salubrions, the buildings elegant, extensive and commodious, and entirely apart from the contamination and multiphed malign inducuces, which seem inseparable from a city or village residence.

The Institution is placed under the charge of Col. R. T. P. ALLEN, as Superintered under the charge of the commodities of the public, as a competent and successful teacher and ly before the public, as a competent and successful teacher and governor of youth, by his honorable graduation at the Unite States Military Academy; his subsequent connection with the Army, and with the Engineering Service of the General Govern ment, as Superintendent of public works; by his long experience as an Instructor, by his recent connection with the Transyl-

Dr. Penney's Ague Pills.

In Penney's Ague Phils.

In presenting the public with this remedy for the most trouble some of Western diseases, I am not unapprized of the opposition that it will at first neet; for the community has suffered much by the impositions and frauds practiced by the getters inpand venders of patent nostrums, specific remedies, and medicines professing to cure all diseases. So much have the people suffered from such infractions on their credulity, that it would seem foolish in any one, at this day, to introduce a specific for any bisease; but I do it, and do it too, saugume of success. Having had ample opportunity to test the efficacy of the Ague Pills now presented to the public, I do assure it, that they have never failed to cure in one solitary case where the directions were strictly observed.

They seem equally as well adapted to Agues of long standing as more recent ones. I could adduce a great many certificate in support of what has been said above, as regards their successions. in support of what has been said above, as regards their success; but that would swell, unnecessarily, this publication. A tew respectable witnesses are worth a host that are otherwise. See what Ir. John McRoberts, Druggist and Physician in Lawrence-burg, Kentucky, says, whose acquaintance with the Ague Pills is better than that of any other person. LAWRENCEBURG, Ky., Oct. 1847.

This is to certify, that I have been selling Penney's Agne Pills, as local Agent for this place since some time last spring; and in every solitary instance that has come to my knowledge, they have succeeded in curing the Chills and Fevers. I heartily tenend them to the public, as a remedy every way worthy dence. JOHN M: HOBERTS. CAMPEN, ANDERSON COUNTY, Ky., Oct. 1847.

This is to certify, that I have been acting as Ir. I. E. Penney' local Agent at this place, in selling his Agne Pills; and in mease have they failed to cure, where the directions have been followed. ELLIAH ORR SALT RIVER, ANDERSON COUNTY, Ky., Oct. 18 .7. This is to certify, that my grand daughter was afflicted with Chills and Fevers last spring. I procured one hox of Penney's Ague Pilis, and gave them by the directions; she was promptly and effectually cured. Some of any neighbors have used them

DAVID EGRERT ANDERSON COUNTY, Ky., Oct. 1847. ANDERSON COUNTY, Ny., OCL. 1947.
This is to certify, that last spring my wife and self were hoth severely afflicted with Chills and Fevers. I procured two boxes of Dr. Peuney's Ague Pills: we took them by the directions, and neither one of us had another Chill after we commenced their use. Some of my neighbors have also used them, and, so far as my knowledge extends, with complete success.

JAMES EGBERT.

LAWRENCEBURG, Ky., Oct. 1847.
This is to certify, that I had a gentleman in my employ who had been for some time afficted with Chilis and Fevers. He procured and used one and a half loves of Hr. Ponney's Ague Pills, which effectually cured him. Given under my hand, &c., I & Willis I.

Any person taking two of the boxes by the directions, and not-being cured of the Acue, my Agents are authorized to refund his money; but in no cose will the money be retuned, unless the Agent is satisfied that the directions have been strictly followed, and at least two of the boxes taken. One box will cure five out of six cases
